

TERRA

Terra é uma linha que nos remete para o universo dos oleiros, criada a partir de uma combinação de elementos formais característicos das peças artesanais e de aspetos presentes nos objetos produzidos industrialmente. A linha resultante apresenta superfícies planas, retas, próprias dos produtos industriais, mas na sua finalização pontuam as irregularidades e desníveis típicos do trabalho manual.

Terra, a line which takes us to the world of craft pottery, was created from a combination of formal elements characteristic of handmade products, and from elements found in products produced industrially. The result is the flat, straight surfaces, common in industrial products, but with the irregular finish typical of handcraft.

Terra es una línea que nos lleva al mundo de los alfareros, creada a partir de una combinación de elementos formales característicos de los productos artesanales y de los producidos industrialmente. El resultado es superficies rectas y planas propias de los productos industriales, pero su acabado muestra irregularidades típicas del trabajo manual.

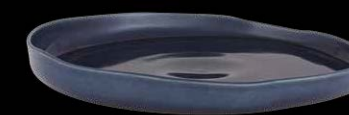

Terra est une collection qui nous renvoie vers le monde des potiers, créée à partir d'un ensemble d'éléments formels caractérisant les pièces artisanales et d'aspects présents dans les pièces industrielles. Le résultat final présente des surfaces plates et droites, caractéristiques des objets industriels, mais sa finition présente des irrégularités typiques de l'artisanat.
