

"Solid"

The buffet displays of the "Solid" series are made of solid walnut wood, like all the other items of this series. They may be used as containers for cutlery or French bread, but they are particularly suitable for the elevation of the "Modul" walnut trays (page 132) or other buffet platters.

The filigree finger joints at the corners testify to precise craftsmanship of the highest quality and guarantee perfect stability!

The displays made of solid wood are visually appealing and fit perfectly into the existing buffet systems "Solid" and "Mercato" (pages 102 to 117).

Please note the care instructions:
not dishwasher-safe, do not immerse in water!

"Lightning Buffet"

Bringing light into the darkness!

The illuminated buffet stands in connection with platters made of natural slate, laminated plastic or glass (pages 44 to 52) make every buffet shine in a radiant new light.

The innovative LED technology does not radiate any heat and is powered by a harmless voltage. It is characterized by its longevity and its low power consumption. The standard light of the cabled LED is white, but thanks to the coloured plastic covers, the colour scale is enlarged to contain red, yellow, green and blue (page 40).

Alternatively there is a rechargeable LED-light with several different functions available. Besides a fixed colour range and special programs, its particular feature is a remote control that enables the changing of colours and programs while in use. For a detailed description of this LED-light and its functions please check out page 41.

The columns made of satined acrylic (page 40) are available in seven sizes and feature a removable cover to enable the insertion of round bowls.

The height of the columns items 8122... has been adjusted especially for the illumination of the "Skyline" buffet system. The lids of all acrylic glass tubes are removable. Therefore the tubes can also function as supports for plates, bowls, etc.

LED-light with cable, item 8104...

For permanently installed buffets which are not dismantled on a daily basis, it is recommended to use the LED-light with cable item 8104.

The standard light is white; the alternative colours blue, yellow, green and red can be chosen by using the precisely fitting plastic covers items 8105... (available as accessories).

A set consists of 3 lights and the matching power supply, which can be fitted with a total of 6 lights. All cables are white and the power cable of the light has a length of 3 metres, which is enough to stow away adapter and power supply safely and invisibly under the buffet table.

LED-light

white light, set of 3 LED-lights including power supply (cable), sixfold junction for up to 6 lights, 100-240 V, 50/60 Hz, Ø 9.7 cm, 2 cm high

Rechargeable LED-light with radio remote control

The compact LED-light is controlled by remote control, which allows for a more flexible use of the Zieher "Lightning Buffet" and renders it independent from any power supply and spatial requirement.

This creates a lot of new possibilities for the buffet set-up: out in the open, next to the pool or in the middle of the room - without any troublesome cables and controllers that might get into the guests' or the personnel's way.

The necessary radio remote control item 8151 (to be ordered separately) rounds off the whole system in regard to function and handling and allows to choose the colouring within a range of up to 15 m without dismantling the buffet first. Due to many different colours and special programs, the buffet will fit into every kind of atmosphere. The lighting colour for the complete buffet can be changed by pressing only one button.

- 7 fixed colours and 3 special programs, manageable via remote control (white, green, red, blue, yellow, violet, turquoise, flickering-candle-effect, colour change, colour gradient)
- 3 different brightness-settings selectable (100% - 70% - 50%, only adjustable directly on the LED-light)
- Fixedly integrated high-end batteries guarantee a running-time of up to 20 hrs (at the lowest brightness-setting)
- LED-light waterproof up to a depth of 1 mtr.
- Remote control (to be ordered separately) controls up to 20 LED-lights simultaneously / range up to 15 m
- Charging device can be mounted on a wall and features a space-saving cable spool

Waterproof up to a depth of 1 metre!

Experience the "Lightning Buffet" - no matter where - you will be excited!
