At first glance the golden branches, carefully strapped to a bundle, are reminiscent of a besom and braided objects of a different kind. The buffet displays and luminaires of the “Somnia” series are assembled from organically shaped, filigree rods which are made of solid brass in traditional sand casting. These single components, reminiscent of brittle branches, are afterwards melded in complex handicraft to impressive unique pieces. The matt-golden surface of the “Somnia” series harmonises elegantly with the grey glass of the handblown bowls which have been specially adapted to the shape of the small stands. The two bigger buffet raisers form a precious basis for bowls and buffet platters of all kind. Optionally available black rubber caps can be fixed on demand to improve the slip resistance and to protect the sensitive surface of furniture. The smallest version of these little pieces of art impresses also at a set table. An amuse bouche, bedded on a nest of golden branches, will be treasured by the guests for a long time.

**candle holder/wind light “Somnia”**  
brass, golden, matt, not dishwasher-safe, for glass insert item 4991.02 (please order separately) and candles up to Ø 7 cm

The wind light of the “Somnia” series is equipped with a solid base plate with an elevated rim. This base avoids a leakage of wax and protects the table surface from heat. Furthermore it forms the frame for a removable cylinder, made of heat resistant glass, which by way of its satined surface intensifies the mood of light and protects the flame from wind at the same time. With candle-light this extraordinary lighting object creates fascinating effects and provides for a cosy and comfortable ambience.
