Ash

An intense and deep warm blue reactive glaze gives the blue Ash series its intriguing, subtly crackled surface. Characterized by robust round shapes and a thin rim, this rustic collection adds instant warmth to your table setting. Fun fact: the backsides of the plates and the insides of the small bowls and cups all feature an interesting metallic brown shade.

Dobble

With the double-walled items from the Dobble collection, you can enjoy your drink for an extra long time. Because the glasses are made of borosilicate thermo glass, the glasses are resistant to both cold and warm liquids. Borosilicate glass is a strong heat-resistant glass that weighs less than normal glassware, making the glass light and moreover extra strong. The stylish double-walled design provides an insulating layer, so that hot drinks stay hot for a longer time and cold drinks cold, without condensation.

Wood & Food

— SERVING IS OUR NATURE —

Wood&Food brings serving and kitchen products that preserve the authenticity, warmth and natural look of wood and that fit about any occasion. From a cosy dinner at home with friends or family to a stylish buffet presentation in a hotel or restaurant. Wood&Food is the perfect match for any colour and style and adds personality to your table setting.

Santo

The Santo serving boards are made from sustainable acacia wood. It is a hard and rigid wood. The board itself is already a pleasure for the eye, but they are even more loved when you use them to serve appetizers. This series of Wood&Food has a trendy and ethnic look. The wooden fibers create a contrast with the soft, round and oval shape of the product. The grain of the wood ensures that each piece is unique.

Essential

A beautiful presentation leads to a more enjoyable meal. And what better way than to add some wood to your table setting? The wooden serving boards and trays of Essential are made of acacia or mango wood, both sustainable and decorative. The wood has a fine grain with beautiful warm flame drawings in various colour shades. Its colour is naturally light brown, and is effective at bringing warmth into interiors, without darkening the decor.
