WHITE CERES

After the succes of the “Black Ceres” and “Grey Ceres” collection, the Fine to Dine “White Ceres” collection was born. This set of new white tableware, made of durable high-quality porcelain, is characterized by a robust simplistic design and different shapes. Each piece is unique, with different shades of white and a different subtle pattern of matte and glossy finishing due to a production process with reactive glazes. The clean and natural design looks great on every dining table.
