Una collezione completa per la tavola, che nasce dall'esperienza accumulata negli anni con le famiglie Diamantè e Folies. Realizzata in vetro pressato, è proposta sia in versione trasparente che decorata con una nuova raffinata miscela di oro-champagne e cromo. L'ottica del vetro presenta un tratto *canneté* perpendicolare al centro del piatto, studiato per riempire la superficie in modo materico, ma preservare leggerezza ed eleganza.

*A complete collection for the table, which comes from the experience accumulated over the years with the Diamantè and Folies families. Made of pressed glass, it is available clear and decorated with a new refined blend of champagne-gold and chrome. The optic of the glass is featured by a *canneté* design perpendicular to the center of the plate, designed to fill the surface in a material way, while preserving its lightness and elegance.*
